Program Management | Strategy & Business Operations | Chief of Staff

1+ years driving cross-functional program execution, CEO/MD-level stakeholder management, and technology-led business operations across sales, marketing, and operations.

Professional Experience

Flow Realty - Power of Flow Realty LLP — **Bangalore, Karnataka**
Manager - Strategy (Sales and Marketing) — *Apr 2026 – Present*

- Migrated messaging infrastructure to Gallabox and Double Tick, resolving the company's largest operational bottleneck and raising delivery rates from 30% to 70% within 2 days.

- Built and launched a booking platform with integrated payment gateways and multi-tier portals, unifying customer, developer, and partner access into a single system processing over **INR 2 crore** in monthly transaction volume.

- Drove business operations cost reduction by shifting marketing and reporting workflows from third-party tools to in-house AI-built systems and revamping the company website in-house, saving **INR 11 lakhs** in combined recurring costs.

- Stood up Ozonetel contact center infrastructure across 12 agents and 9 concurrent projects, restructuring pre-sales workflows as part of a broader business operations overhaul to raise agent call throughput from 70 to 150 calls/day and cut average response TAT to 10 minutes.
- Built a Windows application powered by the DeepFilterNet3 AI noise-suppression model to eliminate background noise for pre-sales agents in real time, deploying at zero fixed and recurring cost.
- Leading a full CRM change management initiative, migrating sales, marketing, and operations data onto a unified Zoho Suite platform.
- Led AI adoption and governance across marketing and operations, training teams on Claude (Skills, Cowork, MCP integrations) for content, reporting, and dashboard automation.

Rustomjee - Keystone Realtors Limited — **Mumbai, Maharashtra**
Executive Trainee - Strategy (Sales and Marketing) — *Apr 2025 – Apr 2026*

- Delivered Chief-of-Staff–style support to the CEO and Managing Director, leading NPS analysis across **100+ channel partners** and preparing 10+ board-level presentations that informed strategy behind **Rs. 1,100 Cr** in quarterly sales volume.

- Deployed a 24x7 AI voice bot handling 200+ daily calls as part of a business operations automation initiative, cutting average response time from 15 minutes to **under 1 minute**.

- Built and distributed 5+ structured weekly and monthly KPI dashboards across 4 cross-functional teams, establishing a governance and operating cadence that gave senior leadership real-time visibility into performance metrics and risk indicators.
- Conducted data-driven risk assessments across 20+ micromarkets for land acquisition strategy, flagging non-viable locations and identifying high-potential markets for senior leadership.
- Partnered with sales, marketing, and operations teams to design and document an evolving operating model, defining ownership structures and task accountability across workstreams.
